

Jamestown FireWise Community Meeting
Wildfire Safety Initiative Kickoff
Wednesday, July 24th, 7:00 pm
Jamestown Town Hall

When a forest fire comes to Jamestown the ember-storm will ignite many buildings and those building infernos will ignite the landscape, trees, bushes, and soil; we will lose homes and our fair landscape. If we do what we can to mitigate our homes, both our homes and our landscape can survive the ember- storm. The firefighters will then be able to fend off the crown fire.”

7:00-7:05 : Allan Mueller – Welcome & Intro to FireWise Program

7:05-7:10: Matt Kohlhaas, Jamestown Volunteer Fire Department –
JVFD Statement of Support
