

Jamestown Community Updates

August 01, 2016

Community Updates

- Long-Term Recovery Plan Implementation Update (Jen)
- LUHAC Update (Barb/Matt)

Water Committee Updates

Tim Stokes

1. Tank Projects
 - Valves & Painting
2. Other Updates

Other Infrastructure Project Updates

Projects at the Water Tanks

- Cut-in valve installation is complete
- We delayed the valve replacement due to the fire in Nederland due to the need to take the large tank offline
- We have notified BoCo Sheriff, LHFPD Chiefs and BMFA Chief of the tank projects and they have confirmed their support in the event of an emergency
- Pittsburgh Tank will begin painting the little tank August 8, back online before Labor Day
- Large tank will begin September 19, then back online end of October
- The valve replacement will be scheduled in mid-October while the big tank is offline

Parks Committee Updates

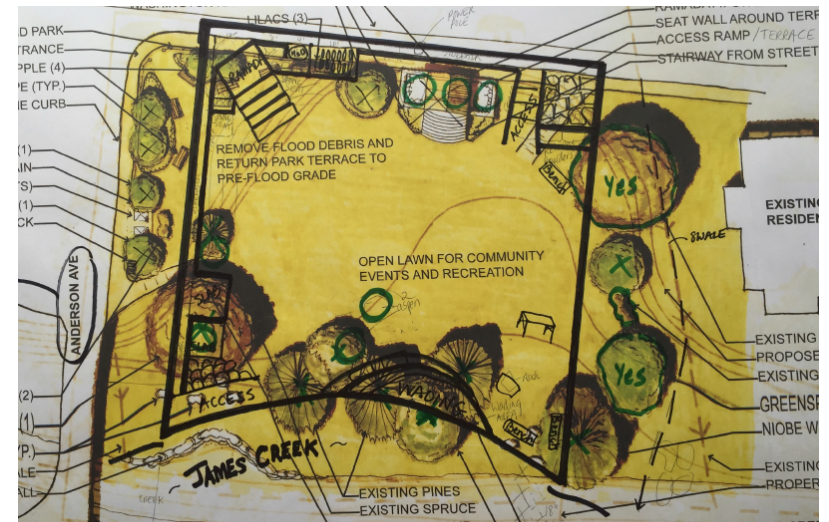

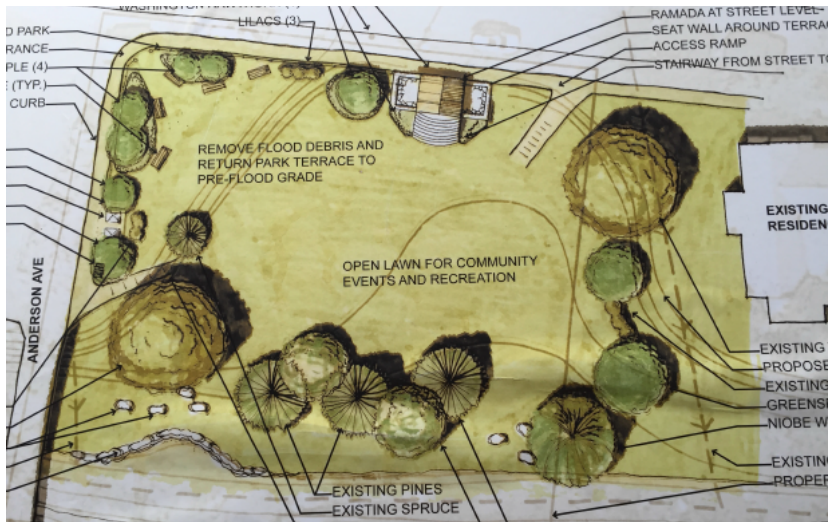

Vic Harris & Chad Droste

1. Town Square Restoration (GOCO)
 - Topographical Layout of Components
2. Other Updates

Town Square Restoration (GOCO)

GOAL: To reconstruct Andersen Hill and Bridge, the Town swapped land with the Church. The swap included some of Town Square property. Even with this, the Church gave more than they got. This adjustment resulted in moving the western border of the Town Square 25' to the east.

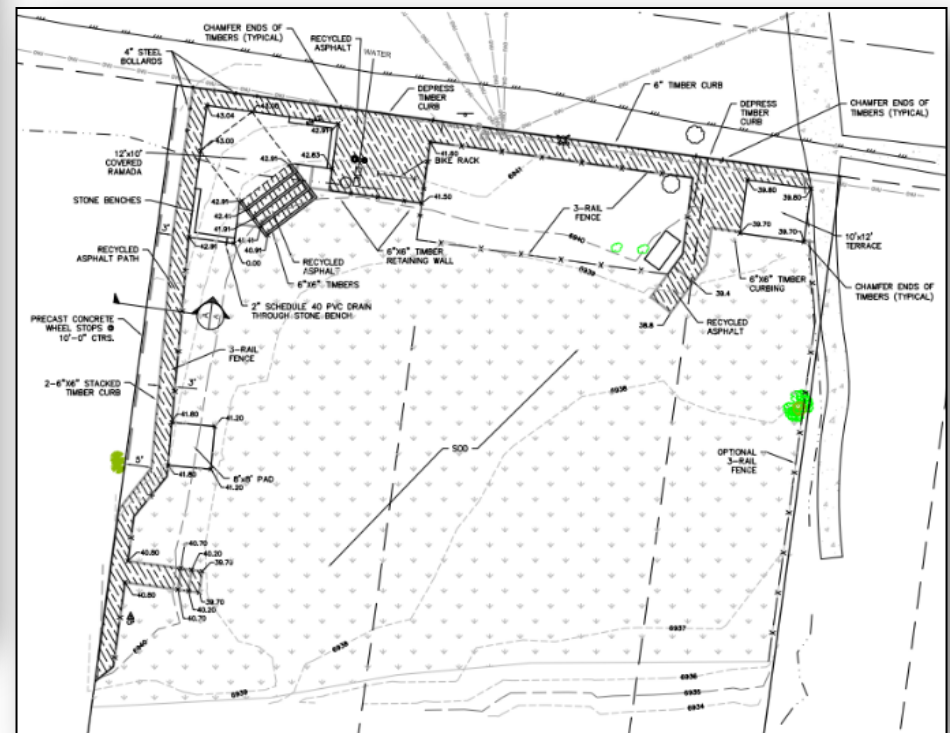

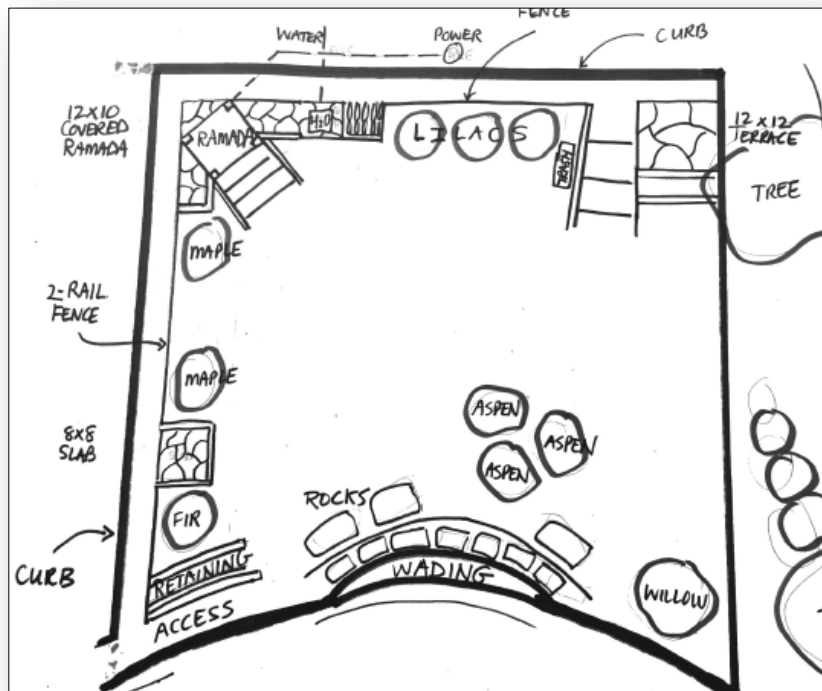

Town Square Restoration

Topographical Layout

- RG & Associates is laying out all the components in the conceptual design onto a topographical survey of the park.

Roads & Bridges Committee Updates

Jen Lucas

1. Gillespie Gulch
 - Finalizing the cost analysis
2. James Canyon
3. Other Updates

Other Infrastructure Project Updates

James Canyon

- Working with Boulder County Transportation to finalize scope and costs for approval by DHSEM and FEMA
- The project is likely to be delayed 2 months while we work through the easements and final scope and budget changes
- Boulder County is seeking feedback until August 10, 2016 on the color and texture of the retaining walls:
 - <http://www.bouldercounty.org/roads/construction/pages/jamescanyonconstruction.aspx>

Other Recovery Updates

Tara Schoedinger

1. Irrigation Ditch Update
2. FEMA HMGP Project Updates
 - Buyouts, Elevations
 - Lower Main St Bridge, Rain Gauge
3. Drainage & Stormwater Management Master Plan
4. Other Updates
5. Questions?

Irrigation Ditch Reconstruction Update

- RG & Associates have begun the engineering and design work to reconstruct the head gate and first section of the irrigation ditch that was destroyed by the flood.

Activities	Start	End
30% Design Review	4/19/2016	4/19/2016
Design Review with Neighboring Property Owners	4/19/2016	5/2/2016
Final Design Review with BOT	7/5/2016	7/5/2016
Bid Advertisement for Construction	7/25/2016	8//12/16
Notice of Award	8/15/2016	8/15/2016

FEMA HMGP Project Updates

Buyouts

- 6 properties were purchased by the Town through the HMGP Buyout Program
- Demolition of 59 Ward and 21 Ward was performed last week with final clean-up this week
- Septic tanks are being pumped, crushed and buried in place
- Grading and erosion control is next for all six properties

Elevations

- 2 properties are included in the HMGP Elevation Program – 40 & 99 Main
- DHSEM is updating their guidance for this program
- Town will schedule a meeting with the property owners to confirm participation and begin the engineering and design
- Contract with Scott, Cox & Assoc was awarded by the Board, but the Town is waiting for the final guidance from DHSEM and the cost reasonableness analysis

FEMA HMGP Project Updates

Lower Main Street Bridge – Phase 1 Engineering/Design

- The selected engineers will provide option(s) to the Town based on FEMA edibility requirements, codes and standards, and the latest hydrology analysis
- The selected option will be designed to 60-100%
- FEMA will review the design for Benefit Cost Analysis and environmental impact to determine if additional funding will be provided for the construction
- Design is scheduled to be complete by the end of the year
- Test holes drilled to determine the depth of bedrock and the material types
 - Monday (8/8) and Tuesday (8/9) on opposite ends of bridge, 8 AM – 5 PM
 - Some localized dust expected, along with drill noise

Rain Gauge Project

- Not Started

Drainage & Stormwater Management Master Plan

- Community Development Block Grant – Disaster Recovery Round 3
- \$100,000 grant for:
 - Drainage study to find solutions to drainage issues
 - Identification of stormwater management opportunities
 - 30% design for priority solutions
- Agreement has been signed – waiting for executed contract
 - Scoping and request for proposals within 60 days of grant agreement
 - Hire consultant by end of September 2016
 - Initiate study ~ mid October 2016
 - Draft - early Summer 2017
 - Final report - late summer 2017
 - Wrap up contract by end of 2017

Questions?
